# IA E.PINKHAM'S VEGETABLE COMPOSI

## Has Cured More Women Than Any Other Medicine in the World.

Its annual sales are greater than those of any other medicine exclusively for women. It holds the record for the greatest number of actual cures of woman's ills. This fact is attested by hundreds of thousands of letters from grateful women which are on file in the Pinkham laboratory, and which are constantly being published.

Merit alone can produce such results. Good advertising serves to call attention for a time, but merit alone can stand the test of time.

The ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for woman's ills known to medicine.

All sick women should note these facts, and placing all possible prejudices aside, should realize the truthfulness of these statements, and that a cure for their troubles actually exists.

Wise is the woman who has faith in Lydia E. Pinkham's Vegetable Compound, for health and happiness.
